Greetings [REDACTED]

Thank you for the email. I am writing on behalf of the School Board and District in response to your previous email. Below you will find information related to your specific questions:

1. **Request for specific answers (signs)**: We have no additional information and there is no timeline at this point for discussion. Leadership has had some conversation.
2. **Investigation (Troy Johnson)**: The District has, as you noted, requested a copy of the recording from the individual, and never heard back. If you have a copy that you can share, the District would be interested in getting a copy of it. Please work with Executive Director Caskey to arrange a time and that opportunity. The District has ALWAYS been and continues to be interested in the truth and remains committed to taking appropriate actions when warranted.
3. **Parent Statements**: The District does not discuss bullying and/or other alleged incidents with those who are not involved. As mentioned previously, if a parent has concerns and/or would like more information about a specific situation involving their child, please have them contact the building principal and/or Mr. Caskey.

Sincerely,

Dan
